Farm, Food, Family

Taste the goodness of the farm

We're proud of our food. That's why we use only premium ingredients and seasonings. You know you're eating a Cavendish Farms potato or crispy appetizer when you taste the goodness of the farm in every bite.

A family food company

We're a family food company that puts pride, dedication and a whole lot of know-how into everything we grow, and everything we make.

Cavendish Farms is part of a family owned company that has been customer focused since 1882.

Partnering with farmers

Built by the expertise of growers over generations, we have a proud history and deep roots.

Bringing the goodness of the farm to homes and restaurants is what we do best with a strong commitment to the land, to the community, and to the people around the world who love our food.

Sustaining the environment

Cavendish Farms is committed to sustaining the environment by adopting high quality environmental standards. That's why we're the first potato producer to convert solid waste to bio-methane gas in a state-of-the-art bio gas facility.

Our team of potato experts has also developed the Russet Prospect potato, which requires less fertilizer and no soil fumigation.

DeliverCrisp™

Our patented potato starch based coating is designed to provide these French fries with unprecedented hold time. DeliverCrisp™ fries always arrive extra crispy and delicious – no matter the serving container – so customers order again and again.

Why choose a coated fry?

Stay Hot & Crispy
Coated fries stay hot and crispy longer than traditional fries.

Great for Delivery
42% of consumers plan to use delivery in 2018¹. Coated fries are perfect for take-out or delivery because their coating keeps them crispy in transit.

#1 Attribute
When asked to name the #1 attribute of a great French fry, an overwhelming majority of consumers answered "Crispiness".²

Fine Coat™

It's the best of both worlds! Get all the advantages of a traditional fry with the benefits of a coated fry. Its amazing invisible coating keeps fries hot and crispy longer while locking in the great potato flavor. Fine Coat™ XLF fries provide great plate coverage and deliver more profits per serving.
